Assistant Practitioner Radiography Online Network Scotland (APRONS)

<i>Background</i>	<p>There is a perception that Assistant Practitioners across Scotland do not have a voice in Scottish Imaging and do not feel valued as professionals. Scopes of Practice appear to differ across Health boards with a lack of clarity around permitted scopes and concerns around the expectations of Health Boards versus the position of SCoR.</p>
<i>Remit</i>	<ul style="list-style-type: none">● To contribute to Assistant Practitioner initiatives within NES, SCoR and Scottish Government.● To identify training and development needs.● To raise the profile of Assistant Practitioner education.● To share good practice, knowledge and experience.● To ensure a communication highway for Assistant Practitioners
